Take that New Roof Back to Beautiful Basics.

IKO Marathon traditional shingles are of solid construction and a 3-tab design that has always been popular with homeowners.

Their large metric size means these shingles go down fast and easy, to save you time and labour. And IKO's FastLock® modified bitumen sealant is thick and aggressive to promote a strong bond.

Marathon Plus AR features an algae-resistant granule that helps inhibit discolouration caused by blue-green algae.

IMPORTANT! To ensure complete satisfaction, please view several full-size shingles and an actual roof installation prior to final colour selection as the shingle swatches and photography shown online and in our brochures may not accurately reflect shingle colour and do not fully represent the entire colour blend range nor the impact of sunlight.

Note: ¹See Limited Warranty at IKO.com for complete terms, conditions, restrictions, and application requirements. Shingles must be applied in accordance with application instructions and local building code requirements. ²High Wind Application is required. ³All values shown are approximate. ⁴Products developed with reference to these Standards.
