

Proven Performance™

ROYAL ESTATE™

Designer Shingles

iko.com/na

Luxurious Design. Superior Performance.

Royal Estate shingles turn your home into the envy of the neighborhood with premium designer looks that resemble natural slate in a high-end design. Be prepared for admiring onlookers with a premium asphalt shingle roof that offers the appeal of variable-cut corners and extra-deep shadow bands other homeowners crave.

IKO Royal Estate shingles qualify for a Class 3 impact resistance rating⁶, which may enable you to a reduction in your homeowner insurance premium, if available.

The IKO Difference

With a legacy of craftsmanship that spans over 75 years, we know quality. That's why contractors and their customers trust IKO to deliver beautiful, high-performing roofing systems that can withstand rigorous conditions — and continue protecting families for generations to come.

Prioritizing beauty shouldn't mean compromising performance. That's why Royal Estate shingles also offer the heavy-duty composition and impact resistance rating⁶ you expect.

What Sets Royal Estate Shingles Apart

1 **Heavyweight core strength.**

IKO Royal Estate shingles are engineered for performance thanks to a durable fiberglass mat core. Thick asphalt coating provides superior protection against wind uplift and water infiltration.

2 **Exceptional bonding.**

IKO's proprietary **FastLock®** sealant strips get extra tacky when activated by the heat of the sun to maximize bonding and protect against wind uplift and blow-off.

3 **Ultraviolet and Algae-resistant granules.**

IKO is a vertically integrated manufacturer. Our proprietary colorfast granules help prevent discoloration from the sun's UV rays and inhibit the growth of blue-green algae that can cause unattractive black stains and streaks.

Elegant Design From Core to Surface

➤ *Color Featured: Harvest Slate*

Features abound in IKO's Royal Estate shingles, giving you options that make your home look stunning while offering peace of mind that your family is covered:

- ✔ Asymmetrical-cut contours with extra-deep shadow bands for impressive contrast
- ✔ Durable fiberglass mat core
- ✔ Thick weathering asphalt coating for strength, durability, and flexibility
- ✔ FastLock® sealant, activated by the warmth of the sun to seal down and help protect against wind uplift
- ✔ Class 3 impact resistance rating⁶
- ✔ Blue-green algae-resistant color blends that resemble natural slate
- ✔ When Royal Estate shingles are installed with IKO PROFORMAX Integrated Roofing Accessories in accordance with IKO's High Wind Application instructions, you qualify for our High Wind Limited Warranty Upgrade, offering limited wind coverage up to 130 mph.

⁶The impact resistance ratings are solely for the purpose of enabling residential property owners to obtain a reduction in their residential insurance premium, if available. This is not a guarantee of impact resistance against hail. Damage from hail is not covered under the limited warranty.

Shingles are your home's first line of defense, but they protect, perform and look their best installed with the **IKO Proformax Integrated Roofing Accessories** shown below.

PROFORMAX ROOFING COMPONENTS

1 DECK PROTECTION	2 SYNTHETIC UNDERLAYMENT	3 ROOF STARTERS	4 CAPPING SHINGLES
IKO GoldSeam™ IKO StormShield®	IKO Stormtite®	IKO Leading Edge Plus™ IKO EdgeSeal®	IKO Ultra HP® IR IKO Hip & Ridge Class 4 IKO Hip & Ridge 12™

IMPORTANT! To ensure complete satisfaction, please view several full-size shingles and an actual roof installation prior to final color selection as the shingle swatches and photography shown online, in our brochures and in our **ROOFViewer®** tool may not accurately reflect shingle color and do not fully represent the entire color blend range nor the impact of sunlight.

NOTE: Product and color availability may vary by region. Products with Miami Dade NOA and FBC product approval listings are available. Meets requirements of the Texas Department of Insurance. Please contact IKO for details. ¹See Limited Warranty at IKO.com for complete terms, conditions, restrictions and application requirements. Shingles must be applied in accordance with application instructions and local building code requirements. ²High Wind Application is required. Both roof starter and capping shingles are required with High-Wind Application. ³"Lifetime" means the period of time commencing on the date of the completion of the installation of the shingles on the building, and continuing so long as the original Owner owns the building on which the shingles were installed. ⁴All values shown are approximate. ⁵Products are developed with reference to these standards. ⁶This impact rating is solely for the purpose of enabling residential property owners to obtain a reduction in their residential insurance premium, if available. It is not to be construed as any type of express or implied warranty or guarantee of the impact performance of this shingle by the manufacturer, supplier or installer and damage from hail is not covered by the Limited Warranty. IKO recommends the use of its Class 4 impact resistance rated Hip and Ridge cap shingle in conjunction with the use of Class 4 impact resistance rated shingles, and the use of no less than its Class 3 impact resistance rated Hip and Ridge cap shingle in conjunction with the use of Class 3 impact resistance rated shingles. For further detail concerning the FM 4473 standards, visit the FM Approvals website.
